VISION STATEMENT

We the members of Youth 'Motivating Others through Voices of Experience' (M.O.V.E.) National envision systems in which every youth person that enters a youth serving system is being prepared for life through genuine opportunities and authentic youth involvement throughout all systems levels. We help guide the redevelopment of the systems so that no youth falls through the cracks. We advocate for youth to utilize their power and expertise to foster change in their communities and in their own lives.

Youth M.O.V.E. National works toward the day when all people will recognize and accept the culture of youth, their families, and the communities that serve them in order to be truly culturally-competent. Youth M.O.V.E. National looks forward to the day when youth are no longer treated as numbers, problems or caseloads, but as individuals and humans. We will all stand as partners: youth, youth advocates, supporters, parents, and professionals to see our youth become successful.

MISSION STATEMENT

We the members of Youth M.O.V.E. National will work as a diverse collective to unite the voices and causes of youth while raising awareness around youth issues. We will advocate for youth rights and voice in mental health and the other systems that serve them, for the purpose of empowering youth to be equal partners in the process of change.

WHAT DOES THIS MEAN FOR YOU?

Here at Youth M.O.V.E. National we work to support you and your organization at the national level. We make sure local youth organizations are all serving your best interest with creating positive systems change and supporting the youth guided, youth driven approach. We collaborate at the national level with many youth serving organizations and make sure they are implementing the youth guided approach and working with us for positive systems change for youth serving systems.
